# EUROPE TRIP

This year a group of students and teachers travelled across the Atlantic to France, Belgium and Holland. It truly was an incredible trip and a good time was had by all. Everyone who participated would like to thank Paul, the tour guide, and Jeff the bus driver. Always keep on the bright side of the road.

KENNY LEE & John Debusseiga 93-94

Due to the success of last year's trip to Mt Orford, Wagar decided once again to hold a trip where students were sensitized to the school's cultural diversity.

This year there was an overnight trip to Mt. Habitant that encouraged friendships, helped them understand and learn about ethnic backgrounds. The trip consisted of two days of skiing along with a racial tolerance discussion during the first night.

**Ski Trips**

Continuing with tradition, Wagar had several ski trips to Mt St. Anne, and Mt St. Saviour. They proved to be very successful and everyone enjoyed themselves.

# MONT HABITANT

# CAP ST. JACQUES

For the first time Wagar held a two day camping trip to Cap St. Jacques. Three different groups of grade seven students and peer support leaders from senior grades participated. It included two days of fun activities and a bonfire at night with storytelling.

# LIFE AT THE TOP

## Fashion Show

The fashion show was truly one of a kind. With hard work from models and others, the show was a success. The night proved to be quite extraordinary.

## Carnival Day

Carnival Day! To add to Wagar's many returns, carnival day enjoyed new life. Many students participated in skating and skiing.

A very rare event has occurred. Wagar hosted a benefit concert for wildlife. The bands performing were Slaves on Dope, Shades of Culture and Reverence.

Open House was once again a success. The band was on hand along with Mr. Murison's infamous science/magic show. It was a hair raising experience.

Wagar enjoyed many successful activities this year. The dances were no exception. The student body and student council produced many memorable experiences.

## STUDENT COUNCIL

Dear Constituents,  
 We would like to thank you all for a full year of fun, productivity and profits. You made our roles on the council worthwhile and exciting. Your support will go far in inspiring us and we sincerely hope next year's council can expect more of the same.

Special thanks have to go to the two other members of the Executive council: Kimberly Strauss, our lovely and talented secretary (she can type over 100 words per minute) and Charlene Knight, our treasury officer.

A very deep thanks and congratulations to our two-man Winter Carnival Committee: Pamela Vininsky

and Maya Felzenstein. You truly made Winter Carnival possible for years to come.

Thanks are also extended to our various and sometimes strenuous roles; Russell Krackovitch, Mark Nyveen, Steven Carletti, Carol Chahine, Sarah Shragie, David Lubell and Jody Engel.

Finally, Mr. Forman, thanks for everything. You are a terrific guy and most certainly the heart and soul of our student council. We wouldn't have made it through without your sometimes - shady humor, then again . . .

We certainly have had our share of memories: the two very successful dances, the fashion show, carnival, going around the calsses, and other experiences that we hold close to our hearts.

Now we would like to state the epitaph of the Wagar High School Students' Council 93-94. It is a quote from the great Steve-o: "It's not the size of the wand that makes the magic, it's the way the magician waves it."

Again thanks to all who helped our mandate tade on a special meaning.

Sincerely,  
 Tracey Klinger, President

 Yves et Nancy

Wagar High School was very fortunate to have had Yves Dagenais on staff. He touched all our hearts and we will remember him for it. Thank you Yves.

Boys and girls, teachers, management, personnel of Wagar High School, This was Yves' creed. Within his short life and his even shorter teaching career, he tried to pass on his values and his way of living. I can testify that almost every night at dinner, he expressed concern about the best way of giving you not only the contents of his courses, but also a message. Doing so is a two-way communication; in exchange you gave him love and friendship. In Yves' memory, thank-you very much.

Sincerely,  
 Pierre-Paul Dagenais
