# Leadership Retreat: Planning the Future...

Early in the year, Student Council and Prelude staff went on a Leadership Retreat. While there was a major disturbance during the night, it turned out to be an enjoyable weekend. The students toiled day and night planning Wagar's activities while also finding some time to relax.

## B.B.Q.: A bonanza of burgers n' buns

The Student Council turned Wagar into a fast food restaurant and helped serve a hearty lunch to the students and staff. While some hurried off to play football, others hung around to listen to DJ Ozzman's mixes .

## Awards Night

## CEGEP Day

CEGEP Day gave the graduating class a chance to explore the various opportunities available to them. The representatives were very helpful in assisting the students in making the best decision concerning their future going into the 21st Century.

# Halloween Dance

The Halloween Dance was a complete success. All of Wagar's high flyers were there; the pimps, the millionaire and the mafia men. They were all there to strut their stuff and have a good time. The result was one scary sight.

# Holly Jolly Dance

# Winter ~~SNOW~~ Carnival

*Some decided to get involved at Wagar...*

Ye Royal Family

Singled Out

This year, the participation rate was outstanding. The events held by Student Council bested last year's effort by far. A Royal Family was elected, the "dash for cash" drew a huge crowd, while Singled Out brought Wagar to cheer for its casanovas. The week was topped off with a choice of either bowling or skating at the rink.
