## Bank of Montreal

The First Canadian Bank

Money should do something. It should open up your life.

That doesn't mean you must go out and get a whole lot of money. It simply means that somebody who knows how to make his money work is going to find a lot more opportunities in life than somebody who doesn't. The Bank of Montreal is in the money business. We can show you how to make it work.

All you have to do is come in to any branch of the Bank of Montreal. Ask what a savings account or a chequing account can do for you. Ask *any* questions you have about money. We want your life to be filled with opportunities. **We want you to get your money's worth.**

And no wonder! A doctor writes: "The best way to prevent blemishes is to prevent blackheads . . . Essentially it boils down to regular degreasing of the skin, and this can best be carried out with frequent washings with a special skin soap."

SNAP is a special skin soap containing fine cleansing grains of imported pumice that deep-cleanse your pores, rolling away the excess oil and soil that cause blackheads and pimples. Discover for yourself how SNAP can help you win the battle of the blemish! SNAP really works.
