Wagar's Odyssey

WAGAR HIGH SCHOOL LIBRARY

Student Life

EDITORIALS

Well, what can I say? This has been a memorable year! If it were not for a few people (you know who you are) this yearbook wouldn't be sitting in your hot little hands right now. Long hours during and after school went towards layouts, PROTOS, and meeting all sorts of deadlines. It almost felt as if every spare moment went into this yearbook. Oh well, it was worth it!

First of all, I would like to thank Mrs. Lewington & Ms. Louisma for all their help and guidance. They were always there to answer a question when the going got tough. Then there's Steve Weekes, who was always there, when we needed help. THANKS!

When a challenge like this occurs, it gives you the opportunity to "grab the bull by the horns", and take advantage of the situation and put in 110%.

This was an experience that I will never forget.

In closing, I hope you enjoy this yearbook!

Thomas Virta

Producing a yearbook is comparable to a pregnancy..... Many memorable moments which one shall never forget!!! Happy times, sad times, frustration and a little pain... LOL... A journey filled with little pebbles to insure that even if you lost your way, you will eventually find your way home...

Fortunately, we've the pleasure to work with a few dedicated people which made the road much smoother than it actually was!!! Thomas, you are an amazing individual with a great flair for detail, a sharp mind and a bubbly creativity.... Tova, a true soldier ready to fight for the good of the clan... Many thanks and much luck in the future... Keep on smiling. Steve Weekes, your patience was appreciated and we'll see you next year.

As you grace your yearbook, remember all that's happened in the past year, all the memories it shall bring back and just enjoy and hold on to the moment, for it's all you've got left of yesterday. No time for complaints, just the promise to do better next time!!!

Remember guys, FORWARD !!!

Ms. R. Louisma
Ms. D. J. Lewington

ADVISORS

FAREWELL

To all those teachers who unfortunately would not be returning next year, we would like to extend our heartfelt thanks for all their wonderful work. They have done a tremendous job, and we are thankful for having them.

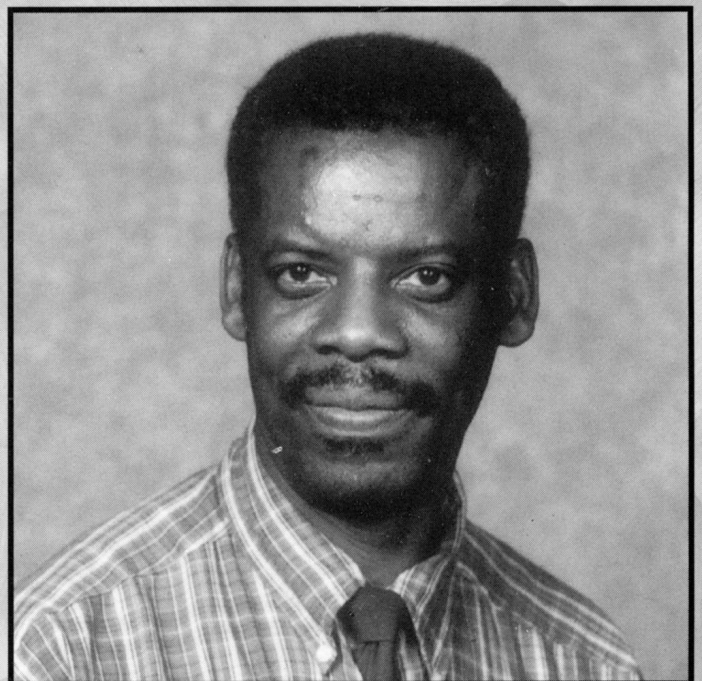

Miss N. Kawai

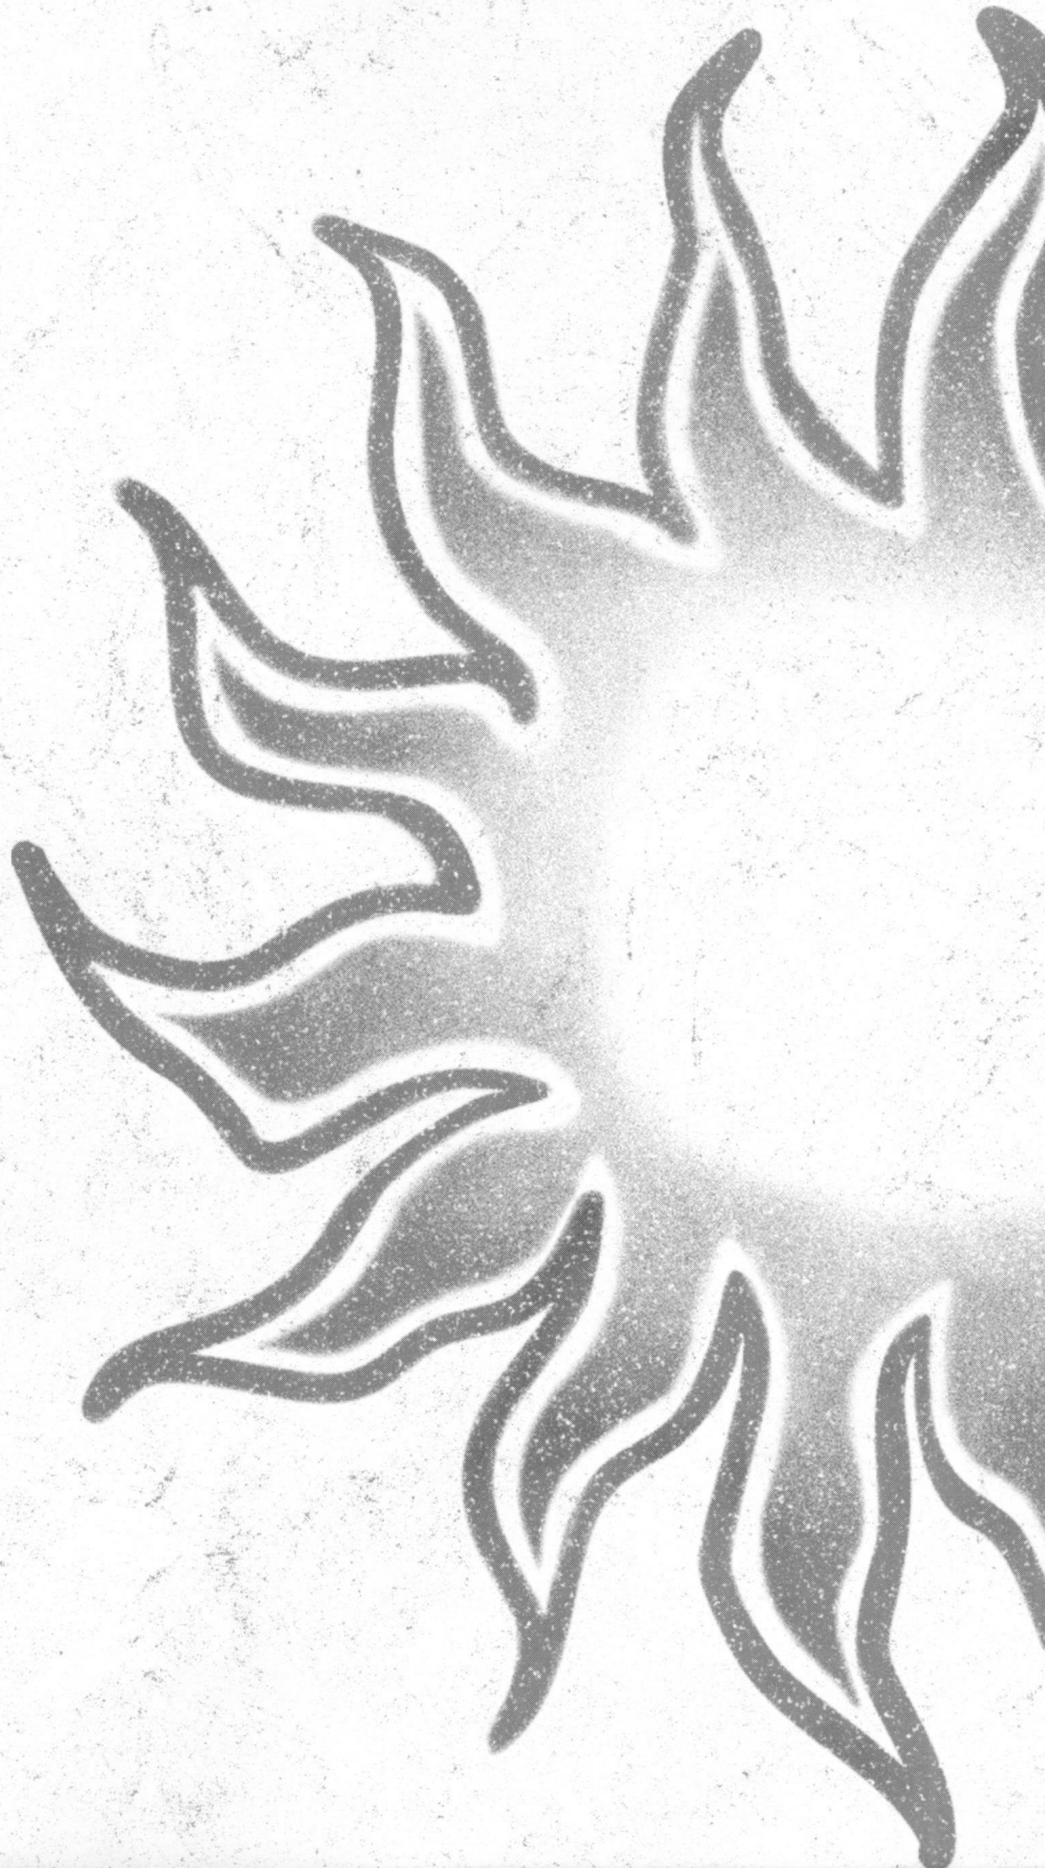

To the best Science teacher ever. We will never forget her wonderful smile, which lit up the room, as well as her wacky sense of humor. She had a way of teaching that would help the students understand what they were learning. From the Periodic Table to Ohms Law, she was there every step of the way, to make sure that her students were right on track. We wish her luck, on her future project. Not only the faculty here will sadly miss her at Wagar High School, but also by the students that had her. She was a unique individual, and we are in great sorrow that we are losing a #1 teacher as well as a friend!

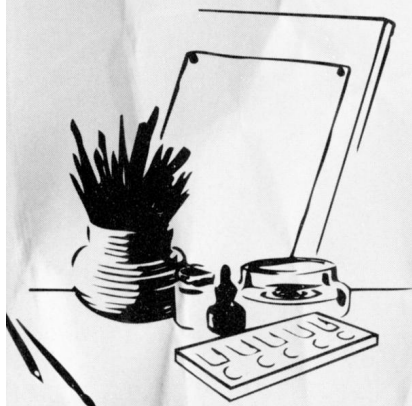

Mr F. Smith

To a hard working, dedicated individual, he had passion for what he did. He was a fantastic woodworking teacher, as well as a Math and ITT professional. The faculty and students here will sadly miss him at Wagar. We wish him a great retirement, and thank him for all his hard work and dedication.

Administration

Administration

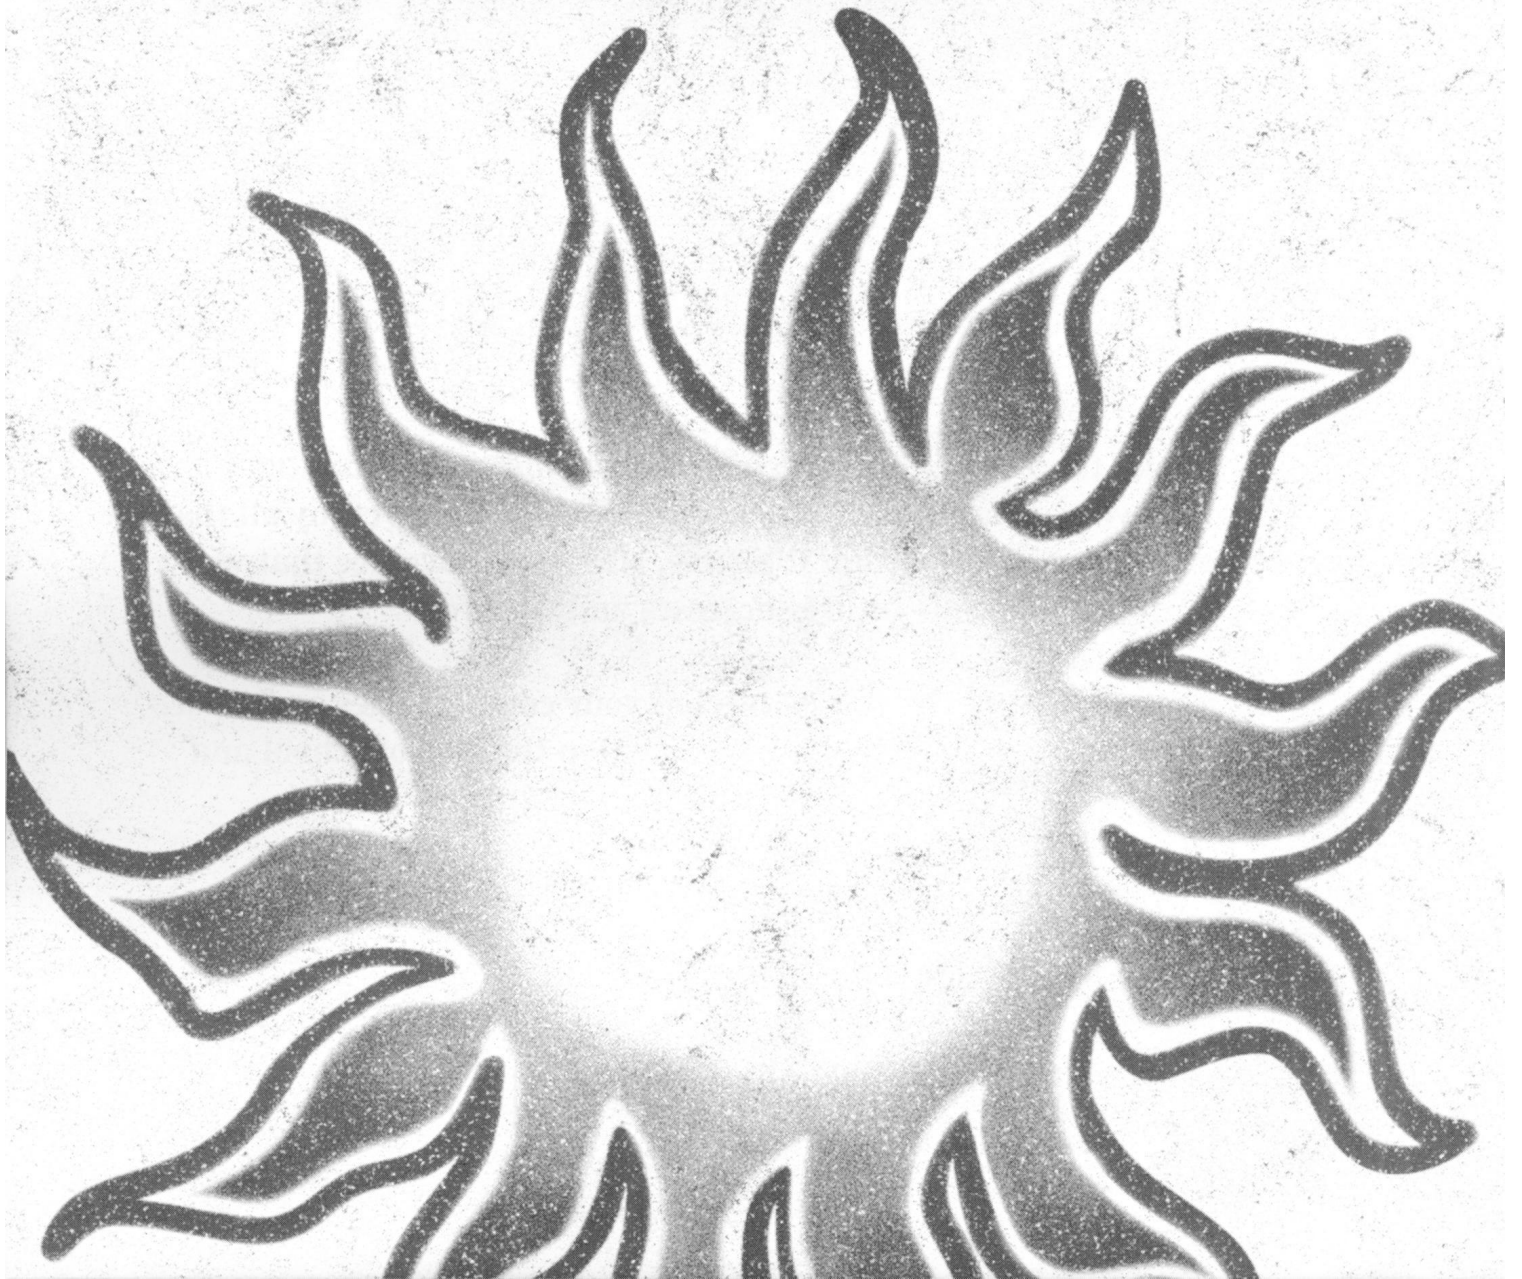

We would like to take this opportunity to congratulate you, the graduates, on your success this year. As you continue your journey and your quest to enjoy all that life has to offer, always remember that it is time, effort and sacrifice that will determine your future successes and rewards.

Undergraduates we encourage you to develop your competencies and most importantly your values. Together we can develop the love of school and community that will lead to great things.

We wish you all good wishes for a happy and productive future.

Reminder:

You guys still have 1 year left. This will be the best year of your life because it will be the last time you have to serve a detention or are obliged to go to class. But it is also the last time you'll get recess or feel the warmth of your bed. College will suck you dry...DRY! It will have you begging in Mr.Cristofaro arms to come back.You must stay strong. I believe in you! Make the last... the best!!!

Wagar Hunger Situation

The day of the Open House.

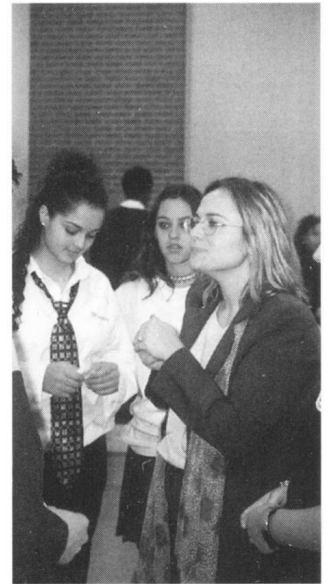

an amigo from the Spanish Club.

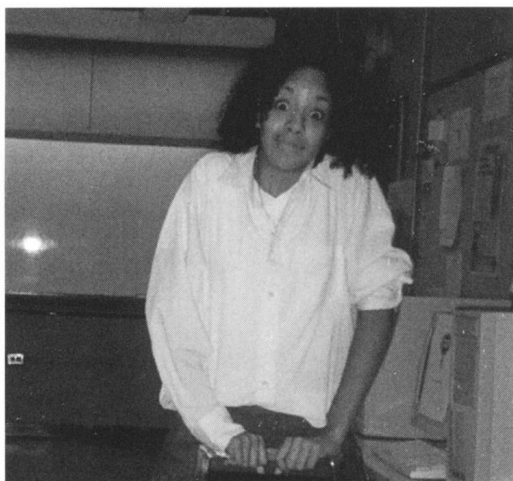

had made desserts for the parents,

but before the parents could even see the desserts, Ms. Nash scarfed them all down

There was a panic, "What do we do?"

An editor went mad for a solution...

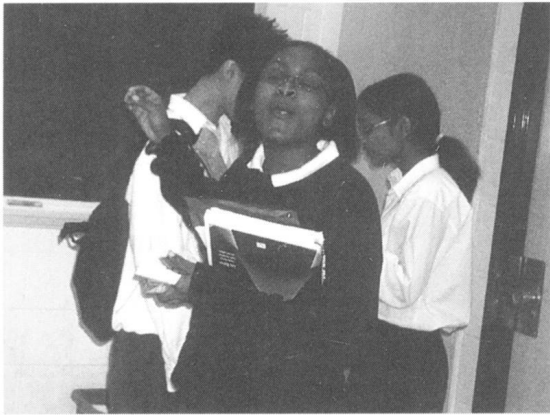

Teachers became speechless.

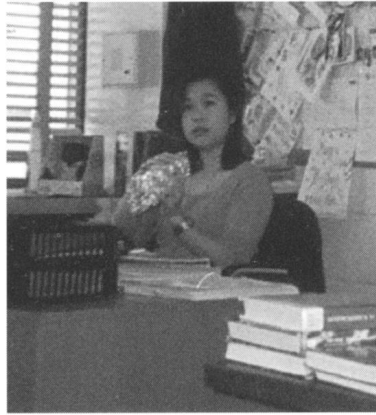

Students turned to one another for help.

Wagar Hunger Situation

Others couldn't handle the truth.

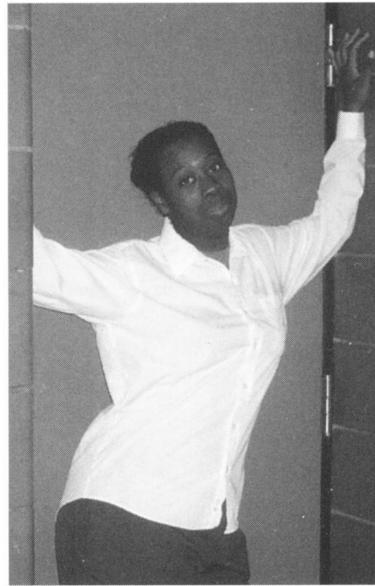

When hope was all gone.

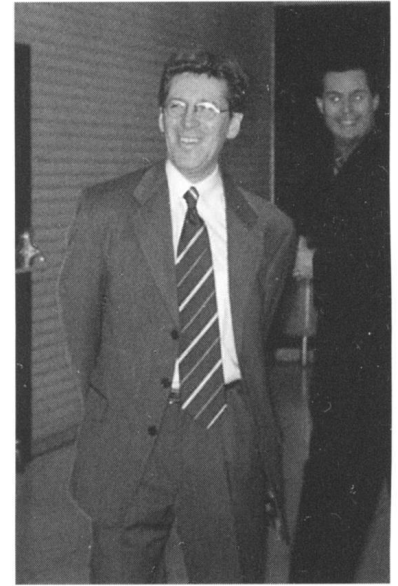

Ms. Dansereau thought, Why not have Ms. Sipos make some?"

Students rushed down the halls in search for Ms. Sipos.

But Ms. Sipos' body guard said, "You can't have her"

Our principal pleaded with the body guard

Then finally we got Ms. Sipos to make us some desserts

The day was saved, everyone thanked Ms Sipos

UNTITLED

I'll never forget the days
that we didn't speak,
the moments we had
when we couldn't take the heat,
we would help each other
with all our problems
in the world.
The memories I will never forget.

Now with all the corrupted things
that I've been through
and didn't have u 2 fall back on.
The help & advice that I
wanted to hear.
I know could only come from u.

If I could just have the chance
to sit and let u know what's going on,
I would give up anything
in the world,
to just apologize and
to hear u say u forgive me.

A forgiveness for friendship,
is a great gift to get.
The loss of friendship
I will never forget.

I can't stand to see: people dying,
 people crying,
 children sad,
 everything going bad,
 nothing right,
 everyone putting on a fight.

I can't stand to hear: screams from far away,
 people not being able to stay,
 people scared, don't know what to do,
 everything so new,
 people running,
 everyone fighting.

I can't stand to say: everything will be okay,
 when I know it's not.
 thanks to you terrorists
 I can't stand to watch the news.

The Inner Beauty Of A Woman

The beauty of a woman
Is not in the clothes she wears,
The figure that she carries
Or the way she combs her hair.

The beauty of a woman
Must be seen in her eyes,
Because that is the doorway to her heart,
The place where love resides.

The beauty of a woman
Is not in a facial mole,
But true beauty in a woman
Is reflected in her soul.

It is the caring that she lovingly gives,
The passion that she shows,
And the beauty of a woman
With passing years only grows

The Hero's Call

A hero may visit you,
And say you can fight too.
For evil is drawing near.
And they live upon our fear.
But we'll take our rings and fight.
We'll fight with all goodly might!
Because your heart is true...
A hero lives in you!

Written by: Ryan P.

Best Friends

Friends are easy to get
Whenever you needed one
But only one out of ten
Can be called best friends.

Best Friend is a person
That you can trust upon
And always believe in you
No matter what happens.

A person can only be called
Best friends when they care for you
And always be there for you
No matter what the cost.

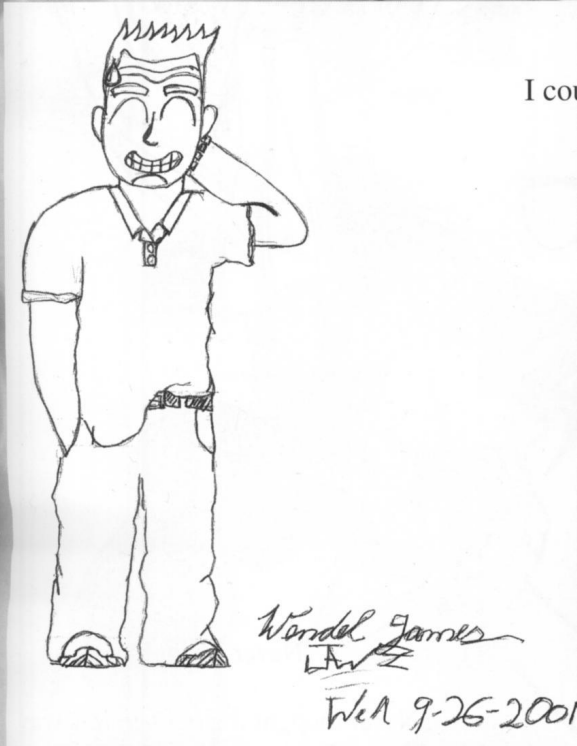

Written by: Eric Chan

Our Love

Our is so strong that nothing could ever break us apart.
I know that you will always be the one cause it says so in my heart.
Words cannot express how strong my love is for you.
I will always feel this way about you.
And I hope you feel the same way for me too.

Love is so incredible only if you give it a try.
It's just like bowl of syrup and a warm apple pie.
So remember nothing between us could ever go wrong.
Because our love for each other is way too strong.

I could see the sparks between us.
That lights up our way.
It keeps us together.
But never pulls us away.

You are my passion.
My hope and my dream.

You are like the water that runs down my stream.
I'll make sure that you're safe and warm.
When I hold you in my arms.

I will give you tender loving care.
And touch your nice soft hair.
I feel so protected when I am in your arms.
It's like two animals that fell in love while playing on the farm.

I hope someday that you'll know what I mean.
When I say you're love is like water that runs down my stream.

Loved you like a mortal!

I walked on leaving no boundaries,
And my head straight without ever looking back.
Didn't worry about death because it's not my headache,
And I know there is no end to a greater height,
So I lived life like a legacy.

But this body, this flesh,
I know is not for very long.
For I don't know when I will have to leave,
So I loved you every moment of my life,
As if that was the last.

The world can be gentle or cruel.
And life has its ups and downs.
So knowing all this,
I led my life as an immortal,
And loved you like a mortal!

Naif M. Zaman

Never Thought

Never thought it would be this way
Between me and you
Never thought I would think of you
Every single day or two

Why do I feel this way?
What is between us now?
Are we together?
Loving and caring for one another?

You told me you love me
I believed in you
I never thought I would say
I love you too

I hope that this is real
I don't want to waste my time
For my feelings
It will be here for you.

Written by: Eric Chan

If you've never seen me happy
Then it's about time

I finally found my sense of fun
Now to combine it with rhymes

I've let you lead my life for too long
And I hoped you wouldn't get bored the ways along

My love for you has drifted away
Gone with the wind
Burnt with the hay

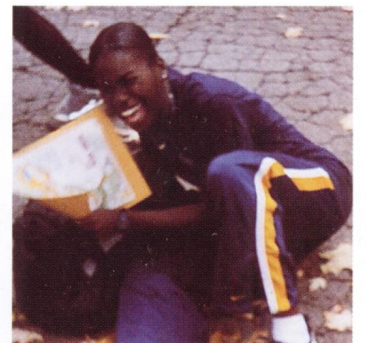

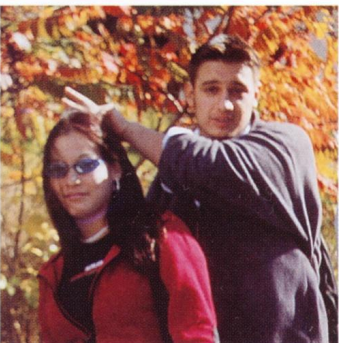

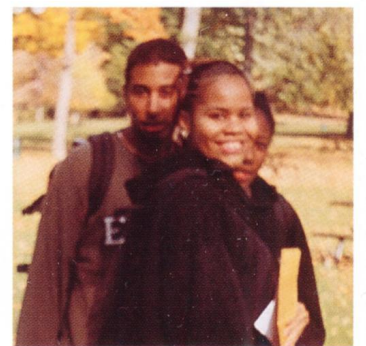

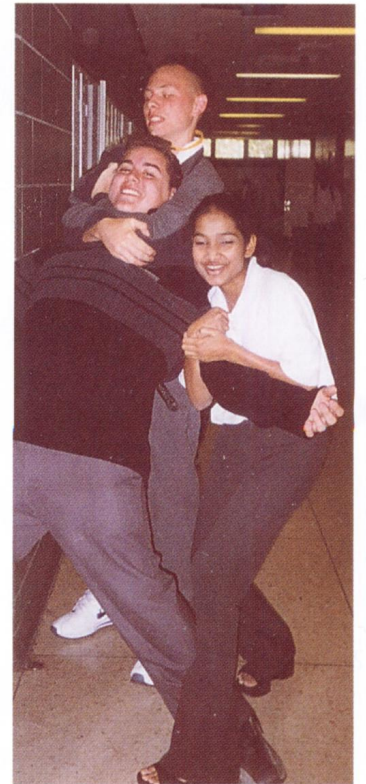

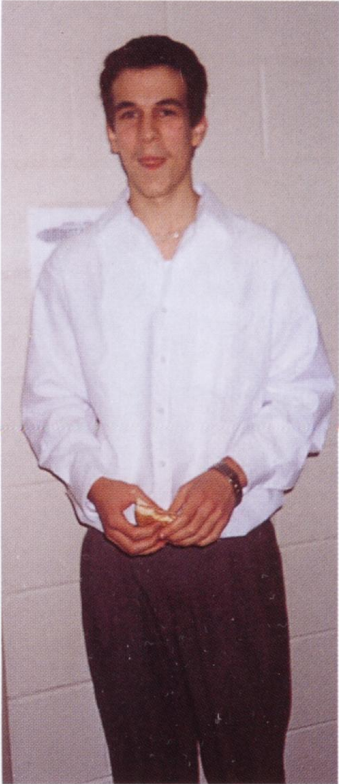

You're long overdue
Out you go with 10 yr old running shoes

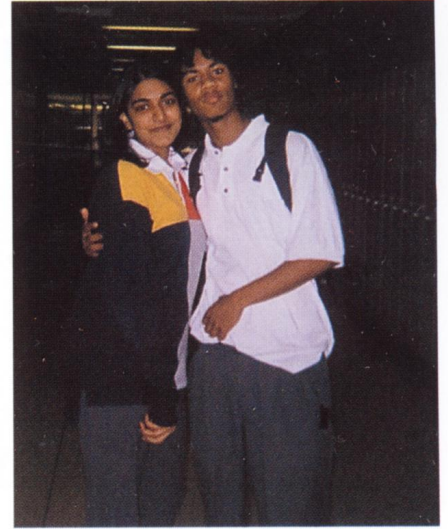

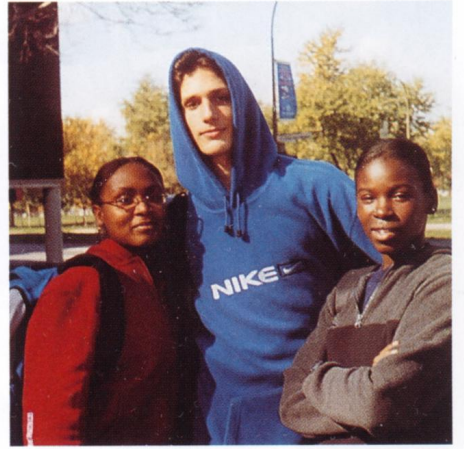

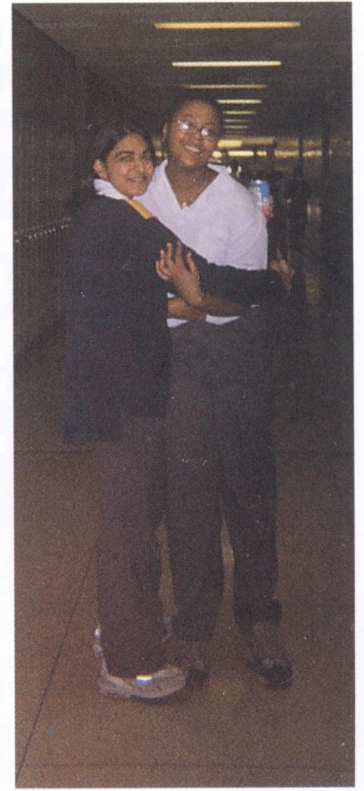

I trusted you to do the right thing
Straighten yourself up
No more 1 night flings

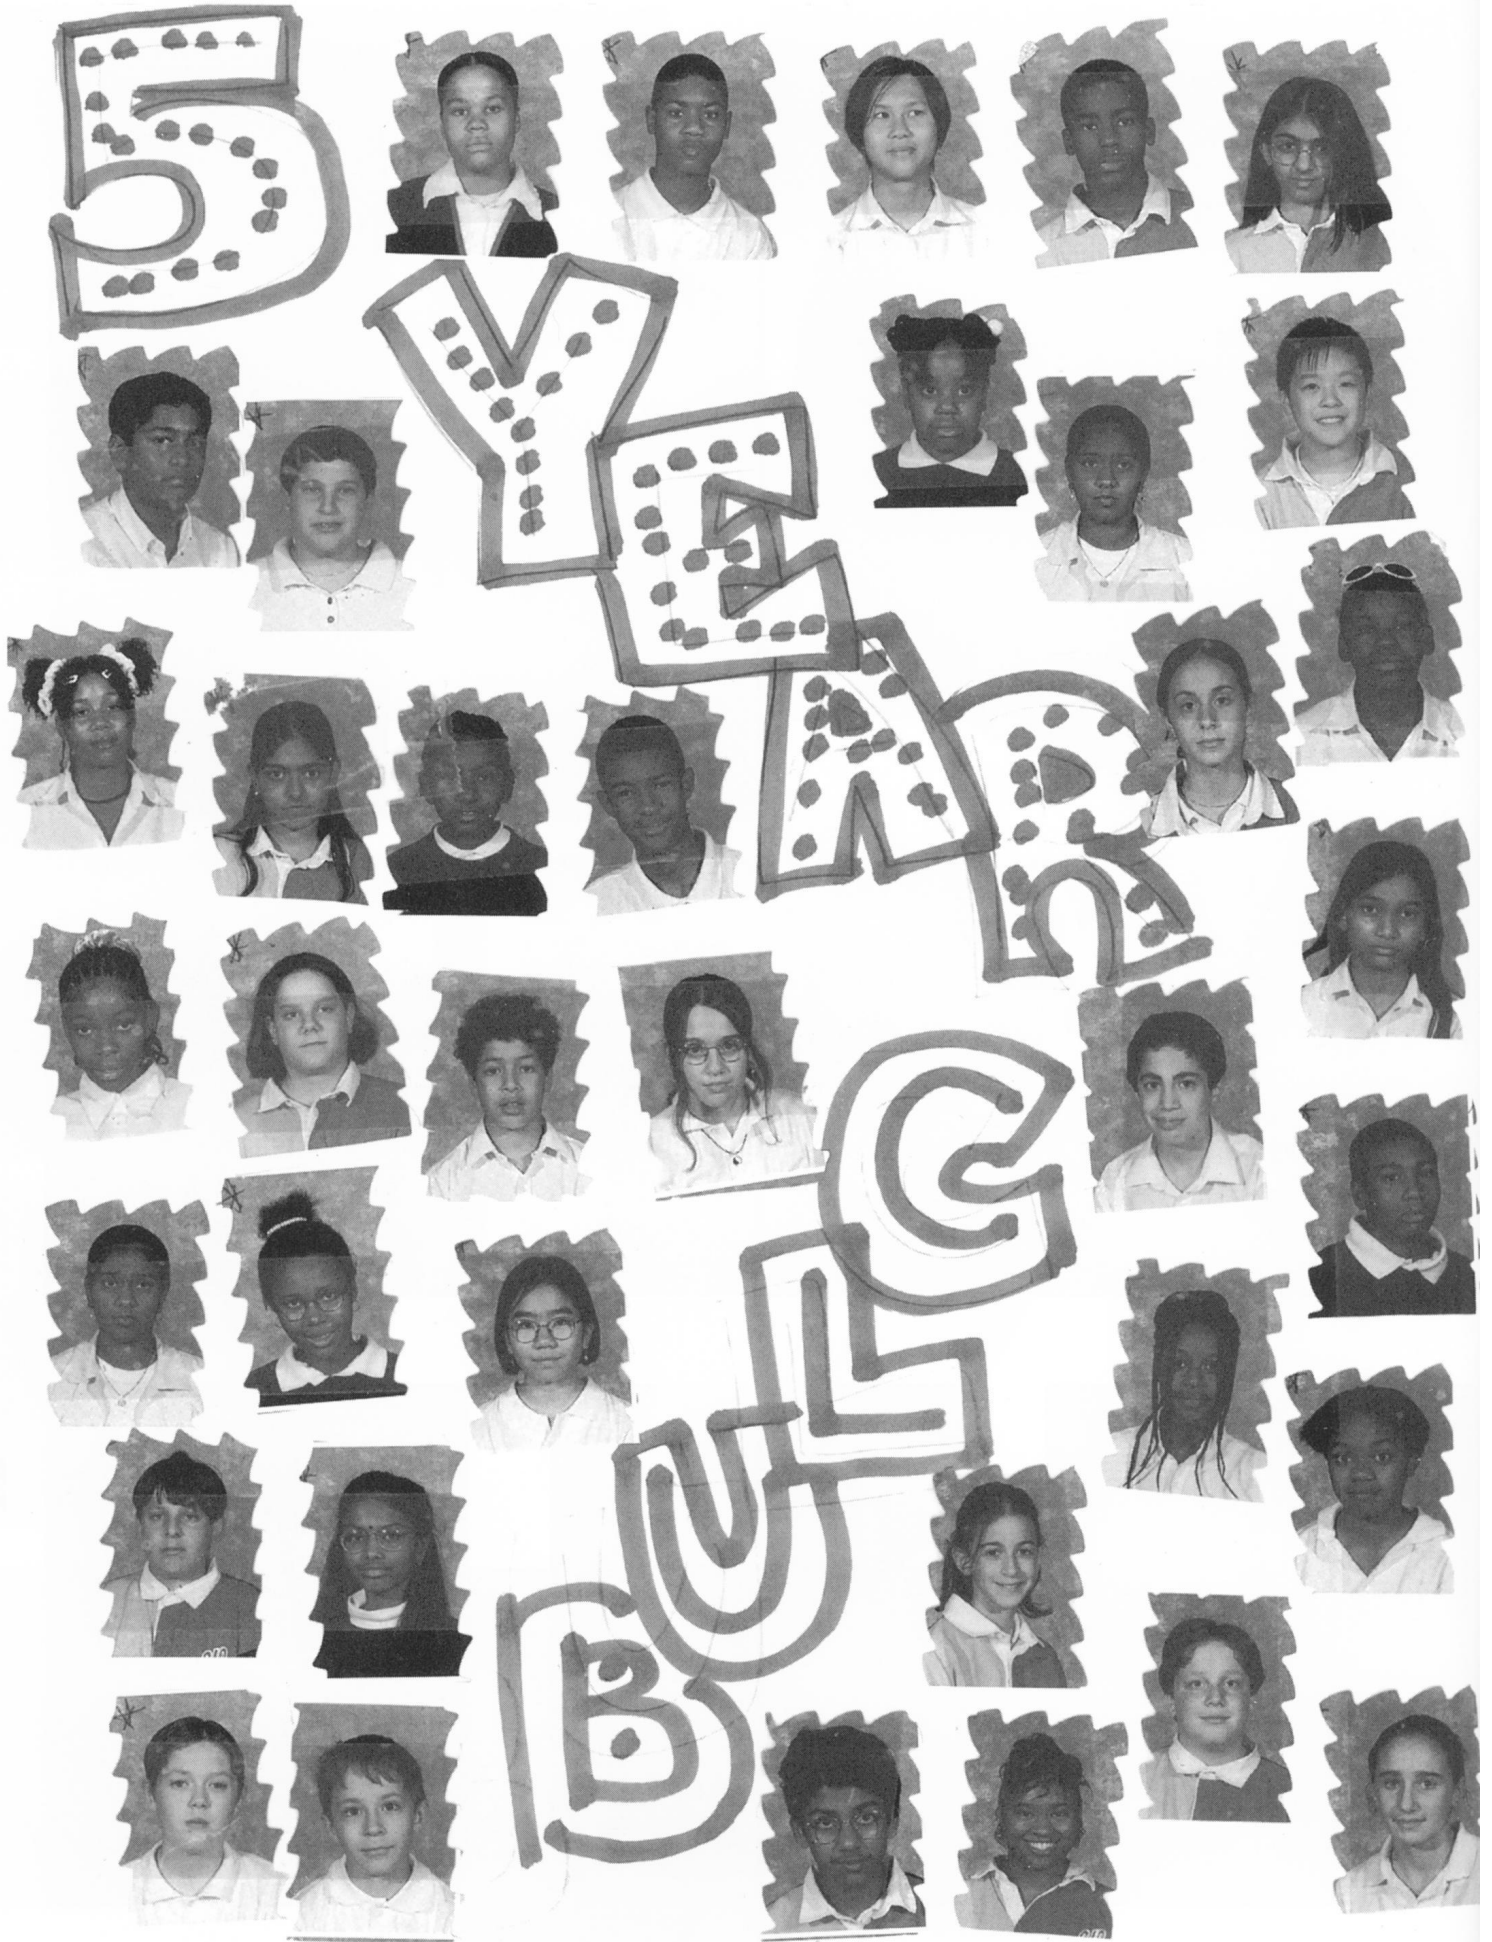

But since it's respect you lack
I am more than willing to turn my back

You're not worth the commitment
There will always be new shipments

Steven Levine

It's been a great 5 years. First I'd like to thank my Parents and bro for always being there. Thanx to all my friends 4 all the laughs and good times over the years. Also to all my teachers, especially the ones who put up with my late assignments. Well it's been great, but time to move on. Life is only beginning, and I wish the best of luck to all grads. Ms. Louisma, **no more lates** !!!
