Wagar High's Dance Club is by far the most popular girls' club this year. Its formation was a result of the demands of many girls, to expand the limited programme which Miss Bright had introduced during regular gym classes. It is a combination of exercise, fun and good instruction, which has awakened the interest of Wagar's females. The syllabus covers all aspects of modern dance. These girls have already practised the preliminary exercises, which have gradually led to more complex actions, concerning mood interpretation. The final stage to be reached, includes full jazz routines to the accompaniment of modern jazz music. No doubt, Wagar will be sure to see the continuation and expansion of the dance club in future years.

Track and Field (1967)

Last year's track team won the highest awards which Wagar has ever received. The practices were long and rough, yet the girls proved to be in fabulous shape. The final results reflected this fact. The standout of the team was Darlene Graham who led the way with a first in the 100-yard dash and broad jump.

Field Hockey is not one of the more popular spectator sports at Wagar, yet the girls who did participate found the game exciting and fun. Showing a fantastic amount of spirit, they were ably coached by Miss Young, whose experience in this sport was invaluable. The girls of Wagar's field hockey team acted as excellent representatives both on and off the field.
