CONCORDIA'S VISIT

In 1993, Concordia's basketball players came to Wagar to hold a workshop. They also held workshops with other school's basketball teams. Concordia taught students about the importance of school and, of course, helped them with their basketball skills. Prizes were rewarded to the participants.

UGLY CLUB

Ugly members from *Left to Right: (Top Row)* Charlene K., Falana H., Paul D. *(Bottom Row)*, Deidre B., Mr. Mac, Heidi C.

Following Wagar's movement towards multiculturalism, this year's Ugly Club has a completely new look. With last year's members moving on to bigger and uglier places, it was necessary for the president to recruit new members. A large cross section of Wagar's population was interviewed, but it has been the case in past years that there were very few Wagarites qualified. As always, looks were an important factor when making decisions, but the personalities of the candidates were also considered.

After careful screening, we are proud to announce that the membership to the club is the highest in its history.

A quick glance at the photo gives proof that ugly comes in all shapes, sizes and colors!

Management is considering a request from the couple above to expand the club and form a senior citizens section.
