

Administration

Mr. M. Cristofaro
Principal

Wagar High School first opened its doors in September of 1963 and sadly 42 years later, its history and traditions will come to an end. You will be the last graduating class to walk across the stage to accept your diplomas and I trust you will do so with a sense of accomplishment, pride and gratitude. Few of us are able to accomplish all we do without encouragement and support from family, teachers and friends. Take the time to acknowledge them and express to them how grateful you truly are.

Although Wagar High School will be no more, what you have learned, the friends you have made, and the experiences you have lived will always be with you and will serve as a stepping stone for the future. Remember that success can be measured in many different ways, but the gauge I believe is the most important, and is your impact on others. Be kind, helpful, compassionate, just and courageous in all you do and attempt to do.

My final wish is that health and happiness be a constant companion to you all.

Ms. D. Droutsas
Vice-Principal

As graduating you will be taking your first symbolic steps outside the boundaries of Wagar High School. Some of you will go off to work and some to college, but you won't be able to forget what has helped you get there. You have created your own history over the past years. Your education and the community of Wagar High School have helped shape that history and therefore will always be a part of you. Remember all that have played a part in your achievement, parents, grandparents, teachers and this entire community. Remember the times of difficulty and times of great success; they will help guide your next challenges.

Remember that you have the power to do great and different things. You have the power to change the course of history through goodness, kindness and intelligent decision making. I wish you all the best of luck and much success in your future endeavours!

Memorial Minute for Violet Crowley

Violet Crowley had been employed by the Protestant School of Greater Montreal and subsequently by the English Montreal School Board for the better part of 30 years.

The last 15 of those years were spent in her role as executive secretary at Wagar High School. It was my privilege to work with Vi for the last 6 years. A principal could not hope for a more dedicated, committed, loyal and hardworking secretary. Violet passed away quietly in her sleep on Sunday October 10th, 2004.

Always frugal, she would always question why I would be asking for another pen when she had just given me one two weeks ago. No teacher ever received more than three pieces of chalk or five transparencies at one time but as a result no one ever went without. Her organisational skills and bookkeeping skills were beyond reproach. Never daunted, she mastered every computer program the Board would send her way. Always ready to give an editorial comment or opinion she did so out of concern and caring for the school she dedicated herself to. Vi will truly be missed by all who knew her.

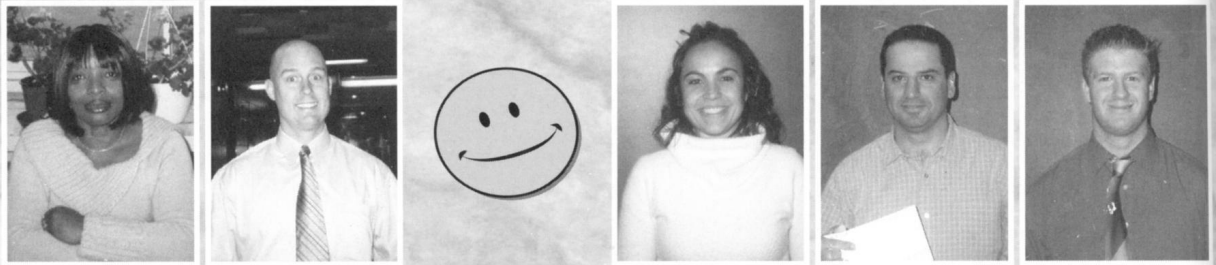

Thank you Vi for always doing and giving more than 100%.
