## *Principal's Message*

I am pleased to write this message to the graduates of 1999. Allow me to extend my sincerest and warmest congratulations. You have successfully completed your high school education and are now crossing the threshold to a new era in your lives. This is truly a memorable occasion. You are the first graduating class for Wagar High School under the newly formed school board - The English Montreal School Board (E.M.S.B.). You are Wagar's contribution to this new board and to the communities which you will involve yourself in the years to come.

We have striven not to educate you but also to instill in you such attitudes as self-discipline, a sense of responsibility, tolerance, respect and understanding of all people. You have had the good fortune not only in the strong leadership of Ms. Pike and Mr. Meades, my predecessors, but also in having enthusiastic, hard-working and caring teachers. We in turn are pleased to be able to work with a promising group of young men and women. It has indeed been my pleasure to have been part of this family in this, my first year as your principal.

I wish to extend, to you all, best wishes for happiness, success and health.

Mr. P. Buttino

## *Vice-Principal's Message*

"**A new beginning**" is the slogan currently adopted by the newly created English Montreal School Board. As a Graduating Class, you too will be moving on to "**A new beginning**", whether it be to a CEGEP of your choice, a professional program, or even, perhaps, the workforce. The prospect of change; "**A new beginning**", is always an unknown quantity but a necessary and exciting experience.

To the 1999 Graduating Class of Wagar High School, and your parents and/or guardians whom, unfortunately, I was able to spend only a short period of time getting to know, I thank you for your contributions to Wagar High School over the years. I wish you continued success in dealing with these changes and in meeting subsequent challenges with which you will be faced as you move to the next level of your continuing education. Most importantly, I would ask that you keep your dreams alive and to remember that, to improve and to adapt, you will have to be committed to the necessary changes that the next few years and the new millennium will dictate.

To the remaining student body, parents and/or guardians, teachers and staff, I extend my gratitude for what you have also contributed to Wagar High School over the 1998-1999 School Year. I look forward to our future, as we also enter this period of change, confident that, together we will meet whatever challenges that arise over the next few years **always** in the best interests of the students of Wagar High School.

Mr. Brian Acton

# RETIRING TEACHERS

## ***Mr. N. Feigen***

Norman Feigen has dedicated his career to the benefit of all Wagar students. For thirty-two years, he has brought a new degree of excellence to the teaching community and he is credited for his enormous contribution to such activities as football and yearbook. A seasoned PSBGM biology teacher, he gave new meaning to the term "joie-de-vivre" and while the cultures and variety of students has changed over the years, he has remained a lasting influence to all who have known him. He has been truly an exceptional addition to Wagar High School since 1967.

## ***Mr. S. Forman***

In 1985, Steve Forman left TMR High to enter the institution known as Wagar. With him, he brought excitement to the student body and added greatly to the after-school activities. His greatest accomplishment is without doubt the five consecutive basketball championships which he coached. This thirty-five year veteran of the teaching profession will always remember Wagar for the 1997 cruise and the place from which his two sons graduated.

## ***Mr. C. Ioannou***

Ya you! Two simple words which will always be the trademark of Chris Ioannou, a highly dedicated and knowledgeable educator. Upon his arrival in 1967, he brought with him ten years of prior experience and endowed his leadership skills to the students. His fondest memories include "The Relocatables" and an incident in which a teacher sent around a notice dismissing all students at fifth period. Thanks for all the great years. Your entertaining method of teaching will be sorely missed. We wish you the best of luck in the future.
